The Newberry Floor Plan

The Newberry is the perfect balance between outdoor living space and a coastal-inspired interior, encouraging you to slip off your Flip-flops and relax. With 2,244 square feet, this model offers four bedrooms, three bathrooms, and a second floor with a loft with additional storage. Step in from the Newberry's covered front porch to find an open kitchen, dining, and great room area. Breeze through sliding glass doors onto a 179-square-foot covered porch, ideal for warm summer evenings or afternoon get-togethers. Through the foyer, you'll find a drop zone and laundry area, and drop-off beach chairs in the convenient storage space just inside the garage, as well. Beyond the open living space, find a stunning master suite complete with a tray ceiling, enormous walk-in closet, double vanity, and a seated shower. The second floor includes a fourth bedroom, loft, unfinished storage area, and a full bathroom. Utilize this space for visiting guests, storage, a recreational room, or even a large media room. Go ahead, kick your feet up, sit back, and relax among the day-to-day comforts and spaciousness of the Newberry!
