The Poppy Floor Plan

THE NEILL'S POINTE MODEL HOME This nearly 2,500-square-foot home is the perfect choice for any family in search of a new place to call theirs. The Poppy is a spacious open-concept home with a total of five bedrooms. When you step off the covered front porch, you will step into a long foyer leading to the vast great room, dining room, and kitchen. Open living makes this the perfect space for entertaining and ensuring everyone feels connected in your home. A rear covered porch has been added to expand your everyday living into the your backyard. While one bedroom and a full bath are downstairs, up the stairs we find three more bedrooms with another full bath that is equipped with a double vanity. Continuing on the second floor is the vast owner's suite. With tray ceilings, sinks on two separate vanities, and a long walk-in closet, this just may turn into your favorite spot in the house. Right outside this suite is the laundry room, giving you easy access to this space. Perfect for all...
