The Maple beautifully ties indoor and outdoor living together. From the moment you walk up to the sweeping front porch, you can envision sitting on the porch enjoying the summer breeze and waving at your neighbors as they stroll by. Once you're inside, you'll experience the open flow of the great room, kitchen and dining room, providing ample views of your backyard and keeping the open space light and bright. With the Maple's optional features like a rear covered porch, gas fireplace and gourmet kitchen, you can enhance the living space to suit your taste. The upstairs of the Maple can elevate your standard of living. A large laundry room is conveniently located in the hallway and can accommodate an optional laundry sink and cabinets to make the best use of the space. The loft, which can serve your family as a playroom or media room, can also be converted into a fourth bedroom depending on what will make the most sense for your family's needs.
