The Shorebreak Floor Plan

The Shorebreak is the perfect balance between outdoor living space and a coastal-inspired interior, encouraging you to slip off your sandals and relax. Starting at 1,936 square feet, this model offers ample space, with three bedrooms, 2 full bathrooms, and a two car garage. As you step inside from the covered front porch, you'll immediately find yourself in an open and inviting kitchen, dining, and great room area. The sliding glass doors seamlessly connect the interior with a generous 179 square foot covered porch, providing an ideal setting for warm summer evenings or gatherings with friends and family. Continuing through the foyer, you'll discover a spacious drop zone and laundry area, equipped with convenient features like a soaking sink, extra shelving, and a bench for comfortable seating while unloading beach gear or sandy clothes. Across from the drop zone, you have the flexibility to add barn doors for a study or transform the space into a third bedroom. Beyond the open...
