The Boardwalk Floor Plan

Step into the Boardwalk, a stunning coastal-inspired home with over 2,100 square feet of first-floor living space. As you enter from the welcoming covered front porch, you'll be greeted by a foyer with the option for a stylish tray ceiling. The foyer leads to a spacious drop zone area, perfect for keeping your belongings organized. On the left side of the home, you'll find two bedrooms with ample closet space and a full bathroom. Continuing ahead, there is an open dining area, which can be enhanced with an elegant coffer ceiling or beautiful barn doors. Next, imagine creating a cozy and inviting great room area. The kitchen includes a large island, providing additional seating and plenty of counter space for entertaining or preparing delicious meals. For more casual dining, an extended breakfast area offers a lovely view of your backyard. Beyond the great room, sliding glass doors open up to a spacious covered porch. The Owner's suite in the Boardwalk is truly impressive. It features a spacious walk-in closet and a beautiful master bathroom with a deluxe seated shower. Make the Boardwalk your dream home today!
