The Carlisle Floor Plan

\$899,900

Not a single inch of this 3,600+ square feet goes to waste with The Carlisle! Walk into your new home and instantly be welcomed by an open formal dining room with coffered ceilings connected to the rest of the first floor. When you walk into the great room, you're greeted by a gas fireplace and a stunning glass sliding door to your rear covered porch to enhance your indoor/outdoor living. If you love to cook, you won't be disappointed; your kitchen is designed with a massive L-shaped island. Just off the kitchen, we can't forget about the sunny breakfast nook right outside your personal Zoom office. Whether you work from home, need a kid's study area, or just need more space, this could be the answer you've been looking for. The Carlisle first floor also hosts a full-size office space, powder room, and guest room with an attached private bath. Once you head up the stairs, a large bonus room area is the first thing you will find on this floor, with a remote learning area attached.
