The Covington II Floor Plan

Enter the stunning Covington floorplan through the charming front porch or the three-car side load garage. What makes this garage special is its large storage area and drop zone with a bench and peg by the door. Once inside the home, the great room, extended breakfast nook, and kitchen all flow together. The kitchen is separated from the rest of the home by a large, gourmet island. The kitchen also features a butler's pantry, a large food pantry, and a beverage station. The first floor also offers a guest bedroom with a full bathroom making it the perfect setup for any friends or family who come to visit. A powder room is also on the first floor near the study and the coffered ceiling dining room. The study and the remote learning room both feature glass doors to make all your working-from-home colleagues jealous. The 4,360 square feet doesn't stop with one floor, up the stairs you will find three additional bedrooms, two full bathrooms, and a remote learning room. There is also a spacious loft at the top of the stairs that you can use however you please. The ...
